FRIENDS AND PATRONS OF 1920

We are about to start another year. Wishing you all a very prosperous year. Well last season was a very good year on me for vegetable plants, and expect to try and grow as many or more this year, as will be better prepared for it. I am nearly out of the Strawberry plants, only got a few varieties, last year was a terrible year, impossible to keep them clean, so much rain and the price of labor, and it was hard to get, makes it nearly impossible to grow them. Can supply you with several varieties, and some in 1000 lots, but will not promise how long they will last. I have at this writing plenty of early Cabbage plants of the Wintered overed plants. I am growing several varieties of Flowers. I thank you all for your patronage and hope to be favored with your patronage in the future, I remain,

Fraternally yours,

DAVID RODWAY.

IMPORTANT TO MY CUSTOMERS

In Ordering, be sure to write your name and address plainly, give post-office, county and state, and do this every time you write; be sure to say how many plants are to be shipped, by mail or express, and always use my order sheet and envelope. .

By Express—We can ship safely by express all over the United States and Canada with good results and have a discount rate of 20% on all plants that are shipped by express; we pack as light as possible and use plenty of fresh moss; we only have the Adams Express Company.

Terms Cash—Payments must be made in advance, but orders will be booked and kept a reasonable time and shipped on remittance.

Please Remit by Postoffice Money Order on Hartly postoffice, or registered letter.

During the Season last year it proved impossible to guarantee the safe arrival of plants. The Parcels Post was found better than the Express. I hope this condition will be improved this year, and wish to assure my patrons of the best service possible.

I Take the Greatest Care to have all plants true to name, and I will not be liable for any amount greater than was paid me for the plants.

All Claims must be made inside of 10 days or will not be entertained.

Season—Shipping or mailing commences any time the weather will permit, after receiving my catalogue, and continues the balance of the season.

Claims for Errors must be made on receipt of plants, when they will be carefully examined, and if found just, made satisfactory. I will answer any telegram or telephone message sent me at Hartly.

Reference—West Dover Trust Co., Hartly, Delaware; also Adams Express Company Agent, Hartly, Delaware.

I Would Advise the use of the Parcels Post for all orders under 1000.

Nursery Inspection Certificate

State of Delaware

State Board of Agriculture

Dover, Delaware,

September 15, 1919.

To Whom it May Concern:—This certifies that I have this day examined the nursery stock and premises of the nurseries of David Rodway, at Hartly, Kent County, Delaware, and that said nursery stock is apparently free from crown gall, peach yellow, peach rosette, the San Jose Scale and all other plant diseases and insects of a seriously dangerous nature. This certificate may be revoked for cause by the State Board of Agriculture and it is invalid after August 31, 1920, and does not include nursery stock not grown on the above named premises, unless such stock is covered by a certificate of a state or government officer and accepted by the State Board of Agriculture.

WESLEY WEBB, Inspector.
